

Belonging within the community, our heritage and links to the community through our shared programs

Teaching and learning about Australia's First People. We acknowledge the Ngarigo People as the traditional custodians of our land. We are committed to our ongoing Reconciliation Action Plan

Our relationships with children, families, community, staff and our environment. We appreciate the commitment our management committee make each year

Our Philosophy

Children's voices – they tell us that play, friendships, nature, arts and literacy are important to them.

The frameworks, theories, regulations, laws, practices and principals that guide our program

We value

Families, as they are the biggest influence in a child's life. We support and respect their valuable contributions.

Children as central to our Philosophy. We value their health, wellbeing, rights, culture, diversity and capacity to learn through play. We value them as individuals and collaborators. We believe all children should be treated with respect regardless of gender, culture, religion or ability.

The outdoor environment for the opportunities to develop sustainable practices particularly through our Stephanie Alexander Kitchen Garden Program. The children love how nature changes the play space throughout each season.
